Layer	Anch	ER	Gird	S	Comments: MEET WITH SCOTT		Meeting Notes:
May want to combine with floodplains and wetlands map							Meet with Scott to determine level shown
Watershed	X	X	X		Which version of the watershed data do you prefer: Watershed, Subwatershed, Drainage, etc…		
MOA Streams	X	X	X		What kind of differentiation do you envision for the stream types, and what is possible given the differing data sources?		
Legacy Streams	X	X	X				
Lakes	X	X	X				
							May need to include impaired waterbodies
Marine	X	X	X				
Shaded Relief	X	X	X		Have draft version.		
Roads	X	X	X		Probably not necessary, maybe the arterials		
Annotation
